Administrative Bulletin 15-02

957 CMR 5:00: Health Care Claims, Case Mix and Charge Data Release Procedures

Effective March 5, 2015

All-Payer Claims Data Fee Schedule

The Center for Health Information and Analysis (“Center”), pursuant to 957 CMR 5.08(1) and (2), is issuing this Administrative Bulletin to update its All-Payer Claims Database (“APCD”) Fee Schedule. All fees and definitions in the APCD Fee Schedule remain unchanged, however, the June 30, 2014, end date for the established fees has been removed. This Administrative Bulletin shall supersede Administrative Bulletin 13-11 effective for the period of July 19, 2013, through June 30, 2014, which established the previous APCD Fee Schedule.

This Administrative Bulletin reports the fees established for APCD data and related application fees, in connection with APCD data released pursuant to the Center’s regulation, 957 CMR 5.00: Health Care Claims, Case Mix and Charge Data Release Procedures. The established fees reflect the cost of systems analysis, program development, computer production, vendors’ fees, consulting services and other costs related to the production of the requested data.

An applicant requesting APCD data must remit the application fee with the application and, if such application is approved, the applicant must remit the established fee prior to the release of the requested data. The established fees listed below retain the previous effective or start date of July 19, 2013. All fees stated are for one data extract. Additional extracts of data with the same specifications are discounted 50%.

Definitions

As referenced below, the following terms shall have the following meanings:

“Academic Researchers” shall mean data requests by researchers affiliated with public or private universities or medical schools for non-commercial uses, such as health care research or other health care related projects.

501 BOYLSTON STREET
BOSTON, MA 02116

T 617.701.8100

F 617.727.7662

“Others-Single Use” shall mean data requests by non-academic researchers for one-time uses such as those that cover one project or study. The “product” of a single use is a journal article, seminar, or other report on the project or study that may contain summaries of the data pertinent to the research or analysis.

“Others-Multiple Use” shall mean data requests by non-academic researchers for either:

- 1) a project or study involving limited ancillary uses, such as:
 - a) development and sale of custom reports for specific clients where the data is part of a larger analytical service;
 - b) analyses by a provider, plan or other organization where use of the data functions as a site license; or
 - c) development and sale of analytical tools such as severity indices or weights where the data is a component used in deriving the tool but the tool does not access or disclose the data; or
- 2) multiple primary uses, such as:
 - a) development and sale of reports principally composed of all or a portion of the data;
 - b) development and sale of a product facilitating the use of all or a portion of the data; or
 - c) integrating the data with data from other permitted sources, with or without related query tools.

Fee Waivers

In accordance with 957 CMR 5.08(2), applicants may qualify for a full or partial fee waiver, which shall be granted at the Center’s discretion. Such applicants include: (1) student directed research; (2) payers who submit data to the APCD that are requesting their own data; (3) government entities; (4) qualified researchers conducting studies directly tied to evaluation or improvement of current State government initiatives; and (5) researchers who can demonstrate that the imposition of fees would constitute an undue financial hardship.

The established fees for APCD data and related applications are as follows:

Application Fees

Application Fee (Level 1 Data Elements Only)	\$100
Application Fee (All Other Applications)	\$300

Support/Production Fees

Support/Production	\$140 per hour
