ENROLLMENT TRENDS

HEALTH PLAN
MEMBER ATLAS

JULY 2016

About this Report

Enrollment Trends monitors health insurance coverage in the Commonwealth of Massachusetts, where coverage is defined by unique Massachusetts residents with primary, medical membership. The Enrollment Trends Health Plan Member Atlas highlights private commercial enrollment data submitted to the Massachusetts All-Payer Claims Database (MA APCD) by 13 of the Commonwealth's top 14 commercial payers for December 2013 and December 2015. Maps, tables, and graphs show the top five payers by enrollment in each county and the geographic distribution for each payer.

Health Plan Member Atlas data differs from that used in the full July 2016 Enrollment Trends report. It does not include supplemental enrollment data or enrollment in public commercial insurance such as MassHealth Managed Care Organizations or Medicare Advantage plans. For more information, see the accompanying [databook](#) and [technical appendix](#).

For questions on Enrollment Trends, please contact Ashley Storms, Associate Analytic Reporting Manager, at (617) 701-8269 or at ashley.storms@state.ma.us.
