Introduction

Access to timely, accurate, and relevant data is essential to improving quality, mitigating costs, and promoting transparency and efficiency in the health care delivery system. A valuable source of data can be found in health care claims but it is currently collected by a variety of government entities in various formats and levels of completeness. Using its broad authority to collect health care data ("without limitation") under M.G.L. c. 118G, § 6 and 6A, the Center for Health Information and Analysis (CHIA) has adopted regulations to create a comprehensive all payer claims database (APCD) with medical, pharmacy, and dental claims as well as provider, product, and member eligibility information derived from fully-insured, self-insured, Medicare, Medicaid and Supplemental Policy data. CHIA is a clearinghouse for comprehensive quality and cost information to ensure consumers, employers, insurers, and government have the data necessary to make prudent health care purchasing decisions.

To facilitate communication and collaboration, CHIA maintains a dedicated MA APCD website (www.mass.gov/chia/apcd) with resources that currently include the submission and release regulations, Administrative Bulletins, the technical submission guide with examples, and support documentation. These resources will be periodically updated with materials and the CHIA staff will continue to work with all affected submitters to ensure full compliance with the regulation.

While CHIA is committed to establishing and maintaining an APCD that promotes transparency, improves health care quality, and mitigates health care costs, we welcome your ongoing suggestions for revising reporting requirements that facilitate our shared goal of administrative simplification. If you have any questions regarding the regulations or technical specifications we encourage you to utilize the online resources and reach out to our staff for any further questions.

Thank you for your partnership with CHIA on the all payer claims database.

957 CMR 8.00: APCD and Case Mix Data Submission

957 CMR 8.00 governs the reporting requirements for Health Care Payers to submit data and information to CHIA in accordance with M.G.L. c. 118G, § 6. The regulation establishes the data submission requirements for health care payers to submit information concerning the costs and utilization of health care in Massachusetts. CHIA will collect data essential for the continued monitoring of health care cost trends, minimize the duplication of data submissions by payers to state entities, and promote administrative simplification among state entities in Massachusetts.

Health care data and information submitted by Health Care Payers to CHIA is not a public record. No public disclosure of any health plan information or data shall be made unless specifically authorized under 957 CMR 5.00.

Acronyms Frequently Used

APCD – All-Payer Claims Database

CHIA – Center for Health Information and Analysis

CSO – Computer Services Organization

DBA – Delegated Benefit Administrator

DBM – Dental Benefit Manager

DOI – Division of Insurance

GIC – Group Insurance Commission

ID – Identification; Identifier

MA APCD – Massachusetts' All-Payer Claims Database

NPI – National Provider Identifier

PBM – Pharmacy Benefit Manager

QA – Quality Assurance

RA – Risk Adjustment; Risk Adjuster

TME / RP – Total Medical Expense / Relative Pricing

TPA – Third Party Administrator

The File Types:

DC – Dental Claims

MC – Medical Claims

ME – Member Eligibility

PC – Pharmacy Claims

PR – Product File

PV – Provider File

BP – Benefit Plan Control Total File

The MA APCD Monthly Medical Claims File

As part of the MA APCD, submitters are required to submit a Medical Claims File. CHIA, in an effort to decrease any programming burden, has maintained the file layout previously used. There are minor changes to this layout so that it will connect appropriately across other required filings for the MA APCD and a few added elements to aid with line of business identification for better-directed editing of the data.

Below we have provided details on business rules, data definitions and the potential uses of this data.

Specification Question	Clarification	Rationale
Frequency of submission	Medical claim files are to be submitted monthly	CHIA requires this frequency to maintain a current dataset for analysis.
What is the format of the file	Each submission must be a variable field length asterisk delimited file	An asterisk cannot be used within an element in lieu of another character. Example: if the file includes “Smith*Jones” in the Last Name, the system will read an incorrect number of elements and drop the file.
What each row in the file represents	Each row represents a claim line. If there are multiple services performed and billed on a claim, each of those services will be uniquely identified and reported on a line.	It is necessary to obtain line item data to better understand how services are perceived and adjudicated by different carriers.
Won't reporting claim lines create redundancy?	Yes, certain data elements of claim level data will be repeated in every row in order to report unique line item processing. The repeated claim level data will be de-duplicated at CHIA.	Claim-line level data is required to capture accurate details of claims and encounters.
Are denied claims to be reported?	No. Wholly denied claims should not be reported at	Denied line items of an adjudicated claim aid with

Specification Question	Clarification	Rationale
	this time. However, if a single procedure is denied within a paid claim that denied line should be reported.	cost analysis.
Should claims that are paid under a ‘global payment’, or ‘capitated payment’ thus zero paid, be reported in this file.	Yes. Any medical claim that is considered ‘paid’ by the carrier should appear in this filing. Paid amount should be reported as 0 and the corresponding Allowed, Contractual, Deductible Amounts should be calculated accordingly.	The reporting of Zero Paid Medical Claims is required to accurately capture encounters and to further understand contractual arrangements.
Should previously paid but now Voided claims be reported?	Yes. Claims that were paid and reported in one period and voided by either the Provider or the Carrier in a subsequent period should be reported in the subsequent file. See MC139 below.	The reporting of Voided Claims maintains logic integrity related to medical costs and utilization.
What types of claims are to be included?	The Medical Claims file is used to report both institutional and professional claims. The unique elements that apply to each are included; however only those elements that apply to the claim type should be submitted. Example: Diagnostic Pointer is a Professional Claim element and would not be a required element on an Institutional Claim record. See MC094 below for claim type ID.	CHIA has adopted the most widely used specification at this time. It is important to note that adhering to claim rules for each specific type will provide cleaner analysis.
The word ‘Member’ is used in the specification. Are ‘Member’ and ‘Patient’ used synonymously?	Yes. Member and Patient are to be used in the same manner in this specification	Member is used in the claim specification to strengthen the reporting bond between Member Eligibility and the claims attached to a

Specification Question	Clarification	Rationale
		Member.
<p>If claims are processed by a third-party administrator, who is responsible for submitting the data and how should the data be submitted?</p>	<p>In instances where more than one entity administers a health plan, the health care carrier and third-party administrators are responsible for submitting data according to the specifications and format defined in the Submission Guides. The Center expects each party to report the Organization ID of the other party in the Delegated Benefit Organization ID (MC100) field to assist in linkage between the health care carrier and the third party administrator.</p>	<p>CHIA's objective is to create a comprehensive All-Payer database which must include data from all health care carriers and all their third-party administrators (TPAs, PBMs, DBAs, CSOs, etc.).</p>

Types of Data collected in the Medical Claim File

Non-Massachusetts Resident

Under Administrative Bulletin 13-02, the Center reinstated the requirement that payers submitting claims and encounter data on behalf of an employer group submit claims and encounter data for employees who reside outside of Massachusetts.

CHIA requires data submission for employees that are based in Massachusetts whether the employer is based in MA or the employer has a site in Massachusetts that employs individuals. This requirement is for all payers that are licensed by the MA Division of Insurance, are involved in the MA Health Connector's Risk Adjustment Program, or are required by contract with the Group Insurance Commission to submit paid claims and encounter data for all Massachusetts residents, and all members of a Massachusetts employer group including those who reside outside of Massachusetts.

For payers reporting to the MA Division of Insurance, CHIA requires data submission for all members where the "situs" of the insurance contract or product is Massachusetts regardless of residence or employer (or the location of the employer that signed the contract is in Massachusetts).

Submitter-assigned Identifiers

CHIA requires various Submitter-assigned identifiers for matching-logic to the other files, Product and Member Eligibility. Some examples of these elements include MC003, MC006, MC137 and MC141. These elements will be used by CHIA to aid with the matching algorithm to those other files. This matching allows for data aggregation and required reporting.

Claims Data

CHIA requires the line-level detail of all Medical Claims for analysis. The line-level data aids with understanding utilization within products across submitters. The specific medical data reported in the majority of the MC file correspond to elements found on the UB04, HCFA 1500 and the HIPAA 837I and 837P data sets or a Carrier specific direct data entry system.

Subscriber and Member (Patient) submitter unique identifiers are being requested to aid with the matching algorithm, see MC137 and MC141.

Elements MC024-MC035 - Servicing provider data:

The set of elements MC024-MC035 are all related to the servicing provider **entity**. CHIA collects entity level rendering provider information here, and at the lowest level achievable by the submitter.

If the submitter only knows the billing entity, and the billing entity is not a *service rendering* provider, then the billing provider data (MC076-MC078) is *not* appropriate. In this case the submitter would need a variance request for the service provider elements.

If the carrier only has the data for a main *service rendering* site but not the specific satellite information where services are rendered, then the main service site *is* acceptable for the service provider elements.

For example – XYZ Orthopedic Group is acceptable, if XYZ Orthopedic Group Westside is not available. However, XYZ Orthopedic Group Westside is preferable, and ultimately the goal.

A physician’s office is also appropriate here, but not the physician. The physician or other person providing the service is expected in MC134.

Elements MC134 Plan Rendering Provider and MC135 Provider Location:

These elements should describe precisely who performed the services on the patient and where the service was rendered. If the carrier does not know who actually performed the service or the specific site where the service was actually performed, the carrier will need a variance request for one or both of these elements. It is not appropriate to include facility or billing information here in MC134.

MC134 – Plan Rendering Provider: The intent of this element is to capture the details of the individual that performed the service on the patient or for the patient (lab technician, supply delivery, etc.).

MC135 – Provider Location: The intent of this element is to capture the details of the site where the Plan Rendering Provider delivered those services (Office, Hospital, etc.) For Home Services this location ID should be the Suppliers ID.

Adjudication Data

CHIA requires adjudication-centric data on the MC file for analysis of Member Eligibility to Product. The elements typically used in an adjudication process are MC017 through MC023, MC036 through MC038, MC063 through MC069, MC071 through MC075, MC080, MC081, MC089, MC092 through MC099, MC113 through MC119, MC122 through MC124, MC128, and MC138 and are variations of paper remittances or the HIPAA 835 4010.

CHIA has made a conscious decision to collect numerous identifiers that may be associated with a provider. The provider identifiers will be used to help link providers across carriers in the event that the primary linking data elements are not a complete match. The existence of these extra identifying elements in claims are part of our quality assurance process, and will be analyzed in conjunction with the provider file. We expect this will improve the quality of our matching algorithms within and across carriers.

Denied Claims: Payers will not be required to submit wholly denied claims at this time. CHIA will issue an Administrative Bulletin notifying Submitters when the requirement to submit denied claims will become effective, the detailed process required to identify and report, and the due dates of denied claim reporting.

The Provider ID

Element MC024 (Service Provider ID), MC134 (Plan Rendering Provider) and MC135 (Provider Location) are critical elements in the MA APCD process as it links the Provider identified on the Medical Claims file with the corresponding Provider ID (PV002) in the Provider File. The definition of the PV002 element is:

The Provider ID is a unique number for every service provider (persons, facilities or other entities involved in claims transactions) that a carrier/submitter has in its system. This element may or may not be the provider NPI and this element is used to uniquely identify a provider and that provider's affiliation when applicable, as well as the provider's practice location within this provider file.

The following are the elements that are required to link to PV002:

Medical Claim Links: **MC024** – Service Provider Number; **MC076** – Billing Provider Number; **MC112** – Referring Provider ID; **MC125** – Attending Provider; **MC134** – Plan Rendering Provider Identifier; **MC135** – Provider Location

The goal of PV002, Provider ID, is to help identify provider data elements associated with provider data that was submitted in the claim line detail, and to identify the details of the Provider Affiliation.

New Data Elements

Under Administrative Simplification, CHIA has worked with Division of Insurance, The Connector, Group Insurance Commission and our own internal departments to identify new elements to be added to the MA APCD Dataset to satisfy that goal. Below is a list of those elements, the submitter type expected to report them, the reason and the data expected within the element.

MC242 National Provider ID – Plan Rendering; *all MA APCD submitters, to aid in provider linkage and analysis*

MC243 Benefit Plan Contract ID; *all RACP entities, to aid in Risk Adjustment analysis*

MC244 Claim Line Paid Flag; *all MA APCD submitters, to aid in claim status determination.*

The new element will assist CHIA in identifying services paid under another claim line.

MC245 Type of Facility; *all MA APCD submitters, to aid in POA editing and facility type analysis*

MC246 MassHealth Claim Type; *MassHealth only; to aid in payment methodology analysis*

MC247 MassHealth Rate Code; *MassHealth only; to aid in payment methodology analysis*

CHIA is committed to working with all submitters and their technical teams to ensure compliance with applicable laws and regulations. CHIA will continue to provide support through technical assistance calls and resources available on the CHIA website, www.mass.gov/chia

File Guideline and Layout

Legend

1. File: Identifies the file per element as well as the Header and Trailer Records that repeat on all MA APCD File Types. Headers and Trailers are Mandatory as a whole, with just a few elements allowing situational reporting.
2. Col: Identifies the column the data resides in when reported
3. Elmt: This is the number of the element in regards to the file type
4. Data Element Name: Provides identification of basic data required
5. Date Modified: Identifies the last date that an element was adjusted.
6. Type: Defines the data as Decimal, Integer, Numeric or Text. Additional information provided for identification, e.g., Date Period – Integer
7. Type Description: Used to group like-items together for quick identification
8. Format / Length: Defines both the reporting length and element min/max requirements. See below:
 - a. char[n] – this is a fixed length element of [n] characters, cannot report below or above [n]. This can be any type of data, but is governed by the type listed for the element, Text vs. Numeric.
 - b. varchar[n] – this is a variable length field of max [n] characters, cannot report above [n]. This can be any type of data, but is governed by the type listed for the element, Text vs. Numeric.
 - c. int[n] – this is a fixed type and length element of [n] for numeric reporting only. This cannot be anything but numeric with no decimal points or leading zeros.

The plus/minus symbol (**±**) in front on any of the Formats above indicate that a negative can be submitted in the element under specific conditions. **Example:** When the Claim Line Type (MC138) = V (void) or B (backout) then certain claim values can be negative.

9. Description: Short description that defines the data expected in the element
10. Element Submission Guideline: Provides detailed information regarding the data required as well as constraints, exceptions and examples.
11. Condition: Provides the condition for reporting the given data
12. %: Provides the base percentage that the MA APCD is expecting in volume of data in regards to condition requirements.

13. Cat: Provides the category or tiering of elements and reporting margins where applicable. ‘A’ level fields must meet their APCD threshold percentage in order for a file to pass. The other categories (B, C, Z) are also monitored but will not cause a file to fail. Header and Trailer Mandatory element errors will cause a file to drop. Where elements have a conditional requirement, the percentages are applied to the number of records that meet the condition.

HM = Mandatory Header element; HS = Situational Header element; HO = Optional Header element; A0 = Data is required to be valid per Conditions and must meet threshold percent with 0% variation; A1= Data is required to be valid per Conditions and must meet threshold percent with no more than 1% variation; A2 = Data is required to be valid per Conditions and must meet threshold percent with no more than 2% variation; B and C = Data is requested and errors are reported, but will not cause a file to fail; Z = Data is not required; TM = Mandatory Trailer element; TS = Situational Trailer element; TO = Optional Trailer element.

Elements that are highlighted indicate that a MA APCD lookup table is present and contains valid values expected in the element. In very few cases, there is a combination of a MA APCD lookup table and an External Code Source or Carrier Defined Table, these maintain the highlight.

It is important to note that Type, Format/Length, Condition, Threshold and Category are considered as a suite of requirements that the intake edits are built around to insure compliance, continuity and quality. This insures that the data can be standardized at other levels for greater understanding of healthcare utilization.

File	Col	Elmt	Data Element Name	Date Modified	Type	Type Description	Format / Length	Description	Element Submission Guideline	Condition	%	Cat
HD - MC	1	HD00 1	Record Type	11/8/12	Text	ID Record	char[2]	Header Record Identifier	Report HD here. Indicates the beginning of the Header Elements of the file.	Mandatory	100%	HM

MC	88	MC0 87	Other ICD-CM Procedure Code - 5	10/30/14	External Codes Source 8 - Text	External Code Source 8 - ICDCM Procedure Codes	varchar[7]	ICD Other Procedure Code	Report the sixth ICD procedure code when applicable. The Integer point is not coded. The ICD procedure must be repeated for all lines of the claim if necessary.	Required when MC094 = 002 and MC036 = 11, 18, 21, 28, 41, 65, 66, 84, 86 or 89 (type of bill indicates an inpatient visit)	1%	C
MC	89	MC0 88	Other ICD-CM Procedure Code - 6	10/30/14	External Codes Source 8 - Text	External Code Source 8 - ICDCM Procedure Codes	varchar[7]	ICD Other Procedure Code	Report the seventh ICD procedure code when applicable. The Integer point is not coded. The ICD procedure must be repeated for all lines of the claim if necessary.	Required when MC094 = 002 and MC036 = 11, 18, 21, 28, 41, 65, 66, 84, 86 or 89 (type of bill indicates an inpatient visit)	1%	C
MC	90	MC0 89	Paid Date	11/8/12	Full Date - Integer	Century Year Month Day - CCYYMMDD	int[8]	Paid date of the claim line	Report the date that appears on the check and/or remit and/or explanation of benefits and corresponds to any and all types of payment in CCYYMMDD Format. This can be the same date as Processed Date. EXAMPLE: Claims paid in full, partial or zero paid must have a date reported here.	Required when MC038 = 1, 2, 3, 19, 20, or 21	98%	A0

File	Col	Elmt	Data Element Name	Date Modified	Type	Type Description	Format / Length	Description	Element Submission Guideline	Condition	%	Cat
MC	91	MC090	LOINC Code	11/8/12	External Code Source 11 - Text	External Code Source 11 - LOINC	varchar[7]	Logical Observation Identifiers, Names and Codes (LOINC)	Report the LOINC here, a standardized test code (lab work) when applicable and available. Do not report any value if not applicable.	All	0%	B
MC	92	MC091	Coinsurance Days	10/30/14	Quantity - Integer	Days Partially Covered	±varchar[4]	Covered Coinsurance Days	Report the number of partially covered days the patient incurred during this admission. Report 0 if all days were covered and/or Noncovered days.	Required when MC094 = 002 and MC036 = 11, 18, 21, 28, 41, 65, 66, 84, 86 or 89 (type of bill indicates an inpatient visit)	98%	B
MC	93	MC092	Covered Days	10/30/14	Quantity - Integer	Days Covered	±varchar[4]	Covered Inpatient Days	Report the number of covered days the patient incurred during this admission. Report 0 if days were Noncovered or partially covered under Coinsurance Days.	Required when MC094 = 002 and MC036 = 11, 18, 21, 28, 41, 65, 66, 84, 86 or 89 (type of bill indicates an inpatient visit)	98%	B

File	Col	Elmt	Data Element Name	Date Modified	Type	Type Description	Format / Length	Description	Element Submission Guideline	Condition	%	Cat
MC	94	MC093	Non Covered Days	10/30/14	Quantity - Integer	Days Noncovered	±varchar[4]	Noncovered Inpatient Days	Report the number of Noncovered days the patient incurred during this admission. Report 0 if all days were covered.	Required when MC094 = 002 and MC036 = 11, 18, 21, 28, 41, 65, 66, 84, 86 or 89 (type of bill indicates an inpatient visit)	87%	B
MC	95	MC094	Type of Claim	11/8/12	Lookup Table - Text	tlkpTypeOfClaim	char[3]	Type of Claim Indicator	Report the value that defines the type of claim submitted for payment. EXAMPLE: 001 = Professional Claim Line	All	100%	A0
								Value	Description			
								001	Professional			
								002	Facility			
								003	Reimbursement Form			
MC	96	MC095	Coordination of Benefits/TPL Liability Amount	11/8/12	Integer	Currency	±varchar[10]	Amount due from a Secondary Carrier when known	Report the amount that another carrier / insurer is liable for after submitting payer has processed this claim line. Report 0 if there is no COB / TPL amount. Do not code decimal or round up / down to whole dollars, code zero cents (00) when applicable. EXAMPLE: 150.00 is reported as 15000; 150.70 is reported as 15070	Required when MC038 = 19, 20 or 21	98%	A2

File	Col	Elmt	Data Element Name	Date Modified	Type	Type Description	Format / Length	Description	Element Submission Guideline	Condition	%	Cat
MC	97	MC096	Other Insurance Paid Amount	11/8/12	Integer	Currency	±vchar[10]	Amount paid by a Primary Carrier	Report the amount that a prior payer has paid for this claim line. Indicates the submitting Payer is 'secondary' to the prior payer. Only report 0 if the Prior Payer paid 0 towards this claim line, else do not report any value here. Do not code decimal or round up / down to whole dollars, code zero cents (00) when applicable. EXAMPLE: 150.00 is reported as 15000; 150.70 is reported as 15070	Required when MC038 = 2, 3, 20, or 21	98%	A2
MC	98	MC097	Medicare Paid Amount	11/8/12	Integer	Currency	±vchar[10]	Amount Medicare paid on claim	Report the amount Medicare paid towards this claim line. Only report 0 here if Medicare paid 0. If Medicare did not pay towards this claim line do not report any value here. Do not code decimal or round up / down to whole dollars, code zero cents (00) when applicable. EXAMPLE: 150.00 is reported as 15000; 150.70 is reported as 15070	Required when MC115 = 1	98%	A2
MC	99	MC098	Allowed amount	11/8/12	Integer	Currency	±vchar[10]	Allowed Amount	Report the maximum amount contractually allowed, and that a carrier will pay to a provider for a particular procedure or service. This will vary by provider contract and most often it is less than or equal to the fee charged by the provider. Report 0 when the claim line is denied. Do not code decimal or round up / down to whole dollars, code zero cents (00) when applicable. EXAMPLE: 150.00 is reported as 15000; 150.70 is reported as 15070	Required when MC038 does not = 4, 22, or 23	99%	A2

File	Col	Elmt	Data Element Name	Date Modified	Type	Type Description	Format / Length	Description	Element Submission Guideline	Condition	%	Cat
MC	100	MC099	Non-Covered Amount	11/8/12	Integer	Currency	±varchar[10]	Amount of claim line charge not covered	Report the amount that was charged on a claim that is not reimbursable due to eligibility limitations or provider requirements. Report 0 if all charges are covered or fall into other categories. Do not code decimal or round up / down to whole dollars, code zero cents (00) when applicable. EXAMPLE: 150.00 is reported as 15000; 150.70 is reported as 15070	All	98%	A2
MC	101	MC100	Delegated Benefit Administrator Organization ID	11/8/12	Integer	ID Link to OrgID	varchar[6]	CHIA defined and maintained Org ID for linking across submitters	Risk holders report the OrgID of the DBA here. DBAs report the OrgID of the insurance carrier here. This element contains the CHIA assigned organization ID for the DBA. Contact the APCD for the appropriate value. If no DBA is affiliated with this claim line do not report any value here: i.e., do not repeat the OrgID from MC001	All	98%	A2
MC	102	MC101	Subscriber Last Name	10/30/14	Text	Name Last Subscriber	varchar[60]	Last name of Subscriber	Report the last name of the subscriber. Used to validate Unique Member ID. Last name should exclude all punctuation, including hyphens and apostrophes. Name should be contracted where punctuation is removed, do not report spaces. EXAMPLE: O'Brien becomes OBRIEN; Carlton-Smythe becomes CARLTONSMYTHE	All	98%	B
MC	103	MC102	Subscriber First Name	10/15/10	Text	Name First Subscriber	varchar[25]	First name of Subscriber	Report the first name of the subscriber here. Used to validate Unique Member ID. Exclude all punctuation, including hyphens and apostrophes. Name should be contracted where punctuation is removed, do not report spaces. EXAMPLE: Anne-Marie becomes ANNEMARIE	All	98%	B
MC	104	MC103	Subscriber Middle Initial	10/15/10	Text	Name Middle Subscriber	char[1]	Middle initial of Subscriber	Report the Subscriber's middle initial here. Used to validate Unique Member ID.	All	2%	C

File	Col	Elmt	Data Element Name	Date Modified	Type	Type Description	Format / Length	Description	Element Submission Guideline	Condition	%	Cat
MC	105	MC104	Member Last Name	6/24/10	Text	Name Last Member	varchar[60]	Last name of Member/Patient	Report the last name of the patient / member here. Used to validate Unique Member ID. Last name should exclude all punctuation, including hyphens and apostrophes. Name should be contracted where punctuation is removed, do not report spaces. EXAMPLE: O'Brien becomes OBRIEN; Carlton-Smythe becomes CARLTONSMYTHE	All	98%	B
MC	106	MC105	Member First Name	6/24/10	Text	Name First Member	varchar[25]	First name of Member/Patient	Report the first name of the patient / member here. Used to validate Unique Member ID. Exclude all punctuation, including hyphens and apostrophes. Name should be contracted where punctuation is removed, do not report spaces. EXAMPLE: Anne-Marie becomes ANNEMARIE	All	98%	B
MC	107	MC106	Member Middle Initial	6/24/10	Text	Name Middle Member	char[1]	Middle initial of Member/Patient	Report the middle initial of the patient / member when available. Used to validate Unique Member ID.	All	2%	C
MC	108	MC107	ICD Indicator	11/8/12	Lookup Table - Integer	tlkpICDIndicator	int[1]	International Classification of Diseases version	Report the value that defines whether the diagnoses on claim are ICD9 or ICD10. EXAMPLE: 9 = ICD9	Required when MC094 = 001 or 002 and any of the following MC039 thru MC053, MC058, MC083 thru MC088, MC142 thru MC153 is populated	100%	B
									Value	Description
