COMMONWEALTH OF MASSACHUSETTS EMPLOYER HEALTH INSURANCE SURVEY

Center for Health Information and Analysis

Conducted by JSI Research & Training Institute, Inc.
We need your help. The Center for Health Information and Analysis (CHIA) is a state agency responsible for providing information to the business community and state government policymakers about employer-based health insurance coverage. As a member of the business community, your response and feedback are important to maintaining the stability and affordability of the employer health insurance system.

CHIA has conducted the Massachusetts Employer Survey (MES) regularly since 2001, and you can see past results here: http://www.chiamass.gov/massachusetts-employer-survey. In appreciation for your participation, you will receive a copy of the 2018 findings by email, along with an individualized report that will allow you to benchmark your firm's health insurance practices with other comparable employers in the state.

Thank you for your attention.

Before you begin, here are some important things for you to know:

1. Your answers will be kept confidential. The information from this study will not be presented or published in any way that would permit identification of you or your business.

2. For all questions on this survey, please provide your best estimate for the number requested. If there is any question that you would prefer not to answer, please skip that question and go on to the next question.

3. Your participation is voluntary. If you have any questions or concerns about this study, please contact the JSI MES project team at massemployer2018@jsi.com
This survey has multiple sections, some of which you will not need to complete, depending on your firm’s size and health insurance practices. The survey will automatically skip over these questions that are not applicable to your firm.

If you start and need to finish it another time, click ‘Save and Continue’ at the bottom of the screen and enter your email address. If you do not receive an email immediately, please check your spam folder.

Please be careful to only use the "Back" and "Next" buttons you see below to navigate the survey. Using the back button on your browser will cause you to exit the survey and lose all of the information you have entered.
Please enter the name, email address, and phone number of the appropriate person at your company to answer questions regarding health purchasing and benefits for all Massachusetts employees. *

Section D: Health Plans Offered

16. What type of plans are offered to your firm’s employees at any location in Massachusetts (across all carriers)? Please select all that apply. Definitions of terms are provided below.*

- HMO
- POS
- PPO
- Indemnity
HMO. With an HMO, a person must receive their care from an HMO physician; otherwise the expense is not covered. When they use HMO physicians, cost sharing is often very low.

POS. In a POS plan, employees are reimbursed at a lower rate for services they receive outside the network, but they also have a primary care gatekeeper or physician who must approve visits to specialists and hospitals.

PPO. With a PPO, employees have lower deductibles and co-payments if they use physicians or hospitals in the preferred provider network, but out of network care is also covered. A preferred provider network is the health plan's list of doctors and hospitals that should be used for a member to have the lowest possible cost-sharing.

Indemnity. Under conventional or indemnity health insurance, there are no preferred provider networks and a person faces the same cost-sharing regardless of which physician or hospital they choose. The person typically faces a deductible and coinsurance above the deductible. Also referred to as “fee-for-service” plans.

17. The next question asks you how many of your Massachusetts employees with health insurance are enrolled in the different plans your firm offers. Your best guess is acceptable. Would you like to give this answer as a percentage or number of employees? *

High deductible health plans (HDHP): Those plans with an annual single deductible of at least $1,350 and a family deductible of at least $2,700 for in-network or preferred providers.

Health reimbursement arrangement (HRA): A HRA is funded on a pre-tax basis only by an employer, not the worker, and the funds are not portable from job to job. Employees use the funds for medical care or services.

Health savings account (HSA): Medical savings accounts available to employees enrolled in a High Deductible Health Plan. Pre-tax contributions can be made by both employees and employers and can be used to pay for qualified medical expenses. Unlike a Flexible Spending Account (FSA), unspent funds roll over year to year and job to job.

29. What type of plan is/are the high deductible health plan(s) with health reimbursement arrangement (HRA)? The response options below are based on the plan types that you currently offer.

A plan is self-funded if the firm takes the financial risk and is either billed directly for claims, or claims are handled through a third party administrator. A plan can be partially self-insured up to a certain dollar amount, sometimes known as reinsurance or stop loss coverage. Coverage is underwritten by the insurer (also known as fully insured) if the firm pays a fixed amount to the insurance company or health plan each month, and the plan pays workers’ claims.

A tiered provider network, also known as "performance based tiering," assigns physicians within the preferred provider network into additional benefit tiers based on a provider's relative cost and, where available, quality. Tiered networks use cost-sharing (co-payment, coinsurance, or deductible) or other incentives to encourage patients to utilize providers in less costly tiers.
73. Does your firm offer a health plan that includes a **limited provider network** anywhere in Massachusetts?

- Yes
- No
- Don't know

A limited provider network is a selective network of hospitals, health care professionals and labs that have contracted with a health plan to provide health care services. These networks are smaller than a typical HMO network.

74. Do any of your health plans use payment contracts with provider groups that encourage the development of accountable care organizations (ACOs)?

- Yes
- No
- Don't know
An ACO is a group of health care providers who give coordinated care, chronic disease management, and seek to improve the quality of care their patients receive. The organization's payment is tied to achieving health care quality goals and outcomes that result in cost savings (e.g., Blue Cross' Alternative Quality Contract).

91. Are you aware of the Small Business Tax Credit through the Health Connector?
   - Yes
   - No

92. Are you aware of the Wellness Track Rebate through the Health Connector?
   - Yes
   - No

Small Business Tax Credit through the Health Connector: A small business health care tax credit is available to eligible small employers that pay at least half of the cost of individual credit when they buy health insurance through the Health Connector, if they: have 25 or fewer full-time employees, pay average annual wages below $50,000, and pay at least half of the premiums for employee health insurance.

Wellness Track Rebate through the Health Connector: Wellness Track is a free program offered to eligible employers enrolled in a small business group health plan through the Health Connector. Wellness Track’s online website provides participating small employers and their employees with a suite of tools to promote a healthier work environment. Eligible employers who participate may qualify for a Wellness Track rebate of up to 15% on their group’s health insurance premium contribution for coverage purchased through the Connector.
Employee Choice Options: New Employee Choice models allow employers the flexibility to offer employees a range of plans and lock in premium costs. With Employee Choice, the employer chooses the company's premium contribution amount and one of three plan offerings:

**Choose a Plan** - Your firm chooses a plan and company contribution amount. All employees can enroll in that plan.

**Choose a Benefit Level** - Your firm chooses a benefit level and company contribution amount. Employees can choose among plans offered by a range of carriers at that benefit level.

**Choose a Carrier** - Your firm chooses an insurance carrier and company contribution amount. Employees can choose a plan from that carrier at any benefit level.
