PURPOSE

The Center for Health Information and Analysis (Center or CHIA), in accordance with its statutory authority under M.G.L. c. 12C, collects cost reports in furtherance of its mission to monitor the health care system in Massachusetts and to provide reliable information and meaningful analysis for those seeking to improve health care quality, affordability, access and outcomes. The data the Center collects through the Nursing Services Cost Report (NSR) is used, among other things, to support the rate-setting obligations of the Executive Office of Health and Human Services (EOHHS) which uses the data to establish rates for continuous skilled nursing (CSN) agencies, home health agencies (HHA), and temporary nursing services (TNS) agencies. Once filed with the Center, these reports become public documents and will be provided upon request to any interested party.

PLEASE NOTE: The NSR Report filing will NOT BE CONSIDERED COMPLETE until the Center receives the (1) cost report, (2) its relevant financial data, and (3) supporting documentation.

In addition, the NSR Report filing will NOT BE CONSIDERED COMPLETE until any and all additional documentation requested by the Center staff is provided to the satisfaction of the Center staff.

Agencies that fail to file required data with the Center will be subject to penalties in accordance with the Center's regulation, 957 CMR 6.00 and EOHHS regulation 101 CMR 345.00.

Specifically, if an agency fails to file a timely and complete NSR with any additional information required by the Center, including supporting documentation, the Center may:

For TNS Providers: Refer the delinquent agency to EOHHS with recommendations that EOHHS notify the Department of Public Health (Department) of the agency's delinquency with a request for revocation of a delinquent agency's registration; and any other penalty authorized by M.G.L. c. 118E or applicable regulations.

SUBMISSION DEADLINE

FY 2021 NSR filings are due on **June 15, 2022**

WHO MUST FILE

CHIA is collecting cost reports for the fiscal year (FY) ending in 2021 from all Temporary Nursing Services (TNS) Agencies.

Please note: Providers will have to complete separate cost reports for each and every nursing service they provide (i.e. TNS, Continuous Skilled Nursing (CSN) & Home Health Agencies (HHA)).

Exemption Criteria: Providers who meet the below criteria are exempt from filing.

TNS Providers:

1. If your agency was in business for less than 6 months during FY2021.
2. If you owned the agency for less than 6 months during FY2021.
3. If your agency only employed fixed-term employees as defined in 101 CMR 345.00: Temporary Nursing Services in the cost report year (Note: Such agencies must file a certified or audited financial statement with CHIA due no later than the required due date of the Nursing Services Cost Report.)

If you believe your agency is exempt from filing for any of the above reasons, you must claim exemption using the FY2021 NSR Exemption Request Form, available as a Word document at <http://www.chiamass.gov/nsr>. Email this completed form to data@chiamass.gov.

If Applicable: Filing Instructions for Multiple Site Agencies: A multiple site agency is defined as an agency that (1) has more than one location, (2) provides more than one type of nursing service (i.e. CSN, HHA, & TNS), or (3) has more than one MassHealth provider identification number.

- Multiple site agencies with **the same** 9-digit MassHealth Provider ID and corresponding MassHealth ID suffix may submit **one** cost report. Please list all agency sites included in the submission under Schedule 1 ("Multiple Site Information").
 - If necessary, a parent agency with multiple sites may also file a separate cost report for each site. Allocations of any shared expenses within multiple sites can be reported based upon hours billed at each site or some other reasonable method. If the Center determines upon review of the submitted data that the allocation was done improperly, it may require the agency to file a single report.
- Agencies with multiple sites that have **different** (first) 9-digit MassHealth Provider IDs should submit **separate** cost reports for each MassHealth Provider ID.

Agencies with other lines of business or with a parent company: Report information relative to programs other than CSN, HHA, or TNS in the appropriate sections of the report. (e.g. Schedule 5, Column 5 "Total All Other Business" or Schedule 6 Line 6 "Total Income From other Business")

Agencies must report using the accrual basis of accounting.

PLEASE NOTE

The NSR cost report filing will NOT be considered complete until all relevant financial data and all additional documentation requested by CHIA staff is provided to the satisfaction of CHIA staff.

WHAT TO FILE

A. Cost Report. Annually, agencies must file a cost report for the fiscal year ending in the year prior to the filing date with the Center. Agencies can file online through the Center Submissions site: <https://chiasubmissions.chia.state.ma.us/>. The reporting period shall be consistent with financial statements.

B. Financial Statements or External Verification. Agencies must submit copies of financial statements and other external documentation supporting the accuracy of the data reported on the cost report. Label all financial documents with the provider's name and document type. For example, financial statements can be labeled as **Agencyname_TNS_FS_FY2021.pdf**.

- Of the acceptable financial statement-related documents below, only one is necessary to submit (in descending order of preference):
 - Audited, reviewed, or compiled financial statements prepared by a Certified Public Accountant (CPA);
 - A certification from a CPA attesting to the accuracy and validity of the data reported on the cost report. The CPA must not be a related party to the principal owners or partners of the agency; or
 - Copies of tax returns filed with the Internal Revenue Service for the reporting year.
- Reconciliation of any differences between the financial statements and the report. This document should be sent as a PDF or an Excel spreadsheet to data@chiamass.gov.
- Upon review of the cost report, the Center may determine that additional information is required from the agency. Such additional documentation will be considered a component of the cost report subject to the same certification delivered with the initial filing.

WHEN TO FILE

All agencies must file the NSR and corresponding financial data, as well as supporting documentation, no later than **June 15, 2022**.

Extension: Agencies may request an extension for a two-week period if the following criteria are met:

- The extension request must be submitted in writing to the attention of NSR Cost Report Submission. Please send your request to data@chiamass.gov;
- The request must demonstrate a reasonable cause for the filing extension; and
- The written request must be received at the Center **prior to June 15, 2022**.

DATA EXPLANATIONS AND DEFINITIONS

Non-Allowable Expenses

Certain expenses are not allowable and will not be included in the determination of rates. The following expenses are **not** allowable and should **not** be reported for CSN, HHA, or TNS programs on the NSR Report:

- Expenses related to other business activities that are not related to either (1) the provision of CSN or HHA services by an agency that participates in the MassHealth program or (2) the provision of TNS to Massachusetts health care facilities.
 - Instead, these expenses **should** be reported on schedule 5: Summary of Expense under “Total All Other Business”.
- Payments to related parties that exceed the lower of the cost to the related party or the price of comparable goods or services that could be purchased elsewhere.
- Penalties and interest incurred because of late payment of taxes, loans or other obligations.
- Fines or penalties paid pursuant to a legal judgment against an agency by a court of last resort.

Again, please note that expenses related to other business activities should be reported under “Total All Other Business” in Schedule 5, Summary of Expenses.

All data submitted by the agency is subject to audit by the Center. The Center may disallow certain expenses if it determines that the cost was not allowable as noted above. Further, the Center may disallow expenses that it determines are excessive or unreasonable based on the price of comparable services that could be purchased elsewhere.

Schedule 1: Agency Information

This schedule includes agency-related information.

<u>Description</u>	<u>Definition</u>
<u>Agency Name</u>	The name of the agency for which the cost report is filed. This field is automatically populated and cannot be edited by the user.
<u>Address</u>	Report the street name and number of the agency for which the cost report is filed.
<u>City</u>	Report the city of the agency for which the cost report is filed.
<u>State</u>	Report the state of the agency for which the cost report is filed.
<u>Zip Code</u>	Report the zip code of the agency for which the cost report is filed.
<u>Agency Telephone Number</u>	Report the telephone number of the agency for which the cost report is filed.
<u>Agency Fax Number</u>	Report the fax number of the agency for which the cost report is filed.
<u>Agency Email Address</u>	Report the primary email address of the agency for which cost report is filed.
<u>Preparer Other than Owner, Partner or Officer Information</u>	If the cost report is being prepared by someone other than an owner, partner, or officer of the agency, enter the name of the preparer's firm, name and title of the preparer, address of the preparer's firm, telephone of the preparer, email of the preparer, and the date the preparer signed the cost report submission.
<u>Identifiers for HHA and CSN Programs</u>	List the Medicare and Medicaid (MassHealth) provider number, if applicable. The Medicaid (MassHealth) provider number consists of a 9 digit number for the Provider ID# and one letter for the location (i.e. 123456789A). CSN and HHA providers must report a MassHealth Number. (Please note that this typically does not apply to TNS providers.)
<u>Identifiers for TNS Programs</u>	For each provider type, list the Massachusetts Department of Public Health (DPH) license number, if applicable. This consists of four alphanumeric characters. TNS providers must report a DPH number.
<u>Owner, Partner, or Officer Information</u>	Enter the name, title, email of the Owner, Partner, or Officer overseeing the cost report submission, and enter the date this person signs the cost report submission. This field is required for all cost report submissions.
<u>Multiple Sites</u>	If you are filing for multiple sites on a single cost report, select "Yes" on the right-hand side of the screen where prompted. Failing to report multiple site information may cause the Center to presume that some of your sites have failed to file cost reports and prompt mailing of delinquency notices. For each additional site being included in the submission, enter the site's DPH License Number or MassHealth ID, the name of the additional agency, and the street address, city, state, and zip code of the agency.

Please provide a unique MassHealth ID/DPH license number and street address for each additional site.

Schedule 2: Direct Care Staff Expenses

This schedule includes expenses for employees that deliver patient care, such as nurses, certified nursing assistants, home health aides, and therapists. **Administrative and indirect staff expenses should be reported on Schedule 3: Administrative Expenses for Non-Direct Care Staff.**

Only enter costs for direct care staff that provide CSN, HHA, or TNS services. All other direct care staff costs should be reported in Schedule 5 “Summary of Expense Schedule” Column 5 “Total All Other Business”, Line 1 “Salaries” through Line 8 “Staff Training”.

- Include within the appropriate discipline the expense of contractors whose services are billable to or on behalf of patients.
- Direct staff training costs should be reported in Schedule 5, Line 8 “Direct Staff Training”. Any staff training to direct care staff, or related to delivering direct patient care should be reported in Schedule 5.

If a person’s time is split between direct care, indirect care, and/or administrative duties, the expenses could be allocated based on hours worked among the appropriate accounts and schedules.

Example: A Registered Nurse was hired halfway through the cost report year, working 40 hours per week, which consists of 30 hours per week to provide patient care and 10 hours per week as an administrator with an annual salary of \$50,000.

Position	Proportion of Year in Role	Total Annual Costs for Employee	Costs Allocated to Position for Cost Report Year
Registered Nurse	0.5 (% of year worked) * 0.75 (% of total hours worked dedicated to nursing) = 0.375	\$50,000	\$18,750
Administrator	0.5 (% of year worked) * 0.25 (% of total hours worked dedicated to administration) = 0.125	\$50,000	\$6,250

In this example, \$18,750 should be reported in Schedule 2 (“Direct Care Staff Expenses”) and \$6,250 should be reported in Schedule 3 (“Administration Expenses for Non-Direct Care Staff”).

<u>Column</u>	<u>Description</u>	<u>Definition</u>
1	<u>Type of Program</u>	The type of agency for which the cost report is being filed. This column is automatically populated with CSN, HHA, or TNS, depending on the type of agency for which the cost report is being filed.
2	<u>Salary</u>	Report the base gross wages by staff position. Indicate the type of staff position by selecting the appropriate description from the drop-down menu. Do not include overtime or shift differential payments in the salary column.
3	<u>Health/Life Benefits</u>	Report the expenses for the employer share of insurance benefits for direct care workers.
4	<u>Payroll Taxes</u>	Report the employer expenses for payroll-related taxes including payments required under the Federal Insurance Contributions Act (FICA), and the Federal/State Unemployment Tax Acts (FUTA/SUTA). Penalties and interest for late payment of taxes are not allowable expenses and should not be reported here. Include any applicable Employer Medical Assistance Contribution (EMAC) assessments in this column.

5	<u>Workers' Compensation</u>	Report the expenses for workers' compensation insurance. Report only the amount related to direct care workers (i.e. an allocation may be needed to apportion the cost between direct care and other staff duties).
6	<u>Other Benefits</u>	Report the total expense incurred by the employer for additional benefits. Additional benefits may include, but are not limited to, tuition remission, employer match of 401(k) contributions, and pension contributions.
7	<u>Travel</u>	Report the total expense for direct care employee travel. Such expenses may include but are not limited to, mileage reimbursement, lodging, and travel allowances. The expense must be work-related such as travel to a worksite or training/conference facility.
8	<u>Contracted Services</u>	Report expenses for any direct care contracted services. The hours related to these contracts should also be reported on the "Billed Hours" schedule (TNS only). Contractors whose services are billable as direct care and are for a discipline other than those listed in the drop down box should also be included here.
9	<u>Overtime & Shift Differentials</u>	Report the total expense of any differentials for overtime work or for working specific shifts that command differential pay. This item should not include the base pay. For instance an employee who makes \$20.00 per hour, but earns an additional \$5.00 per hour for working a second shift, makes a total wage of \$25.00 per hour. The \$20.00 is included under account named "Salaries"; the \$5.00 is included under account named "Overtime and Shift Differentials". This provision is optional for those agencies that pay employees on a basis other than hourly for time worked on off shifts.

Schedule 3: Administrative Expenses for Non-Direct Care Staff

This schedule includes salary and benefit expenses for personnel that are not involved in the provision of direct patient care. In addition, capital-related expenses, supplies, maintenance of facilities, and other overhead expenses are reported on this schedule.

Please report overhead costs ONLY related to providing CSN, HHA, and TNS services. Please note that **total administrative expenses of CSN, HHA and TNS should be added and reported together in Schedule 3**. All other overhead costs should be reported on Schedule 5 "Summary of Expense Schedule" Column 5 "Total All Other Business" Line 11 "Total Admin Costs".
