

Rest Home Cost Report User Guide

The HCF-4 serves the dual purpose of being a report to the Center that accurately reflects the complete financial condition of the facility, and at the same time, a claim for reimbursement. To accomplish the latter, columns numbered 2 and 3, labeled "Self-Disallowed Expenses" and "Automatically Disallowed Expenses" on the Statement of Profit and Loss have been provided to report non-allowable expenses and additional costs allocated to the facility by the management and/or realty companies. Additionally, column 2, "Self-Disallowed Expenses", is to be used for reporting specific costs that are NOT "ordinary and necessary" from a generally-accepted accounting or IRS standpoint, and which are not directly related to the care of publicly-aided residents; thus not reimbursable under current regulations. It is expected that the preparers and signatories of this cost report have a strong understanding of the regulations that govern cost reporting and reimbursement (101 CMR 204.00).

Part III: Facility Specific Realty Company Claimed Fixed Asset Expenses

Claimed Fixed Asset Depreciation Expenses

Note: This table does not include all fixed assets for the realty company, only those that can be claimed as residential care facility fixed assets. Allowable basis is the portion of fixed assets used for the care of qualifying related residents. Claimed amounts include original, sold, written-off, damaged, and fully depreciated assets. If the realty company owns fixed assets of other nursing, non-nursing or residential care programs, such as an adult day care program, the related fixed asset expenses must be reported as disclosed on this schedule in column "Non-Allowable Depreciation Expense." The allocation methodology for allocating fixed asset expenses must be reported in the business and depreciation schedule.
